Intermezzo—Salona

#### Long Waiting Lists in 137 Cities Show How the Nation Regards the CADILLAC "30"

Over and above the thousands of 1911 Cadillacs already delivered, two thousand people are, at this moment, patiently waiting for the car of their choice.

It seems to us that we may well be pardoned for pointing to the positive, unswerving character of thus Cadillac demand.

It is a national conviction, so firmly grounded that Cadillac dealers, of their own initiative, are invest-

ing in splendid new Cadillac retail buildings for 1911 a total of more than \$2,500,000. New York, Chicago, Boston, Philadelphia, Pittsburg, Providence, San Francisco, Los Angeles, Milwaukee. Buffalo, Cleveland, Cincinnati, Denver, Toronto, Seattle, Vancouver, B. C., Jacksonville, New Orleans. Houston, Rochester-everywhere the same clear-cut disposition to ignore the claims of any other car

save the Cadillac. You will find none of these two thousand Cadillac buyers looking with envious eyes at costlier cars.

You will and none of them tempted by the vacillating market of lower-priced motor cars. But you will find, in every large city in the country, scores of men who have owned higher-priced automobiles, in the past, driving 1911 Cadillacs.

Between the two extremes stands the Cadillac, solid as a rock in public esteem,

It is the foremost exponent now, as it was the first four years ago, of the policy of attaining the minimum price by large production, without abating one iota of excellence, Uncertainty among those who buy above the Cadillac price; and uncertainty among those who buy

below it; but none among those who buy the Cadillac-what does this indicate to you? 167 PARTS AND 191 OPERATIONS ACCURATE TO THE 1-1000 OF AN INCH OR CLOSER-OUTSIDE

THE CADILLAC NEITHER HIGHER NOR LOWER PRICE CAN BUY SUCH STANDARDIZATION. Do you know why 137 cities show long Cadillac waiting lists?

Do you know why 2000 people are content to wait upon Cadillac deliveries?

Do you know why they are not attracted by cars of either a higher or lower price?

Because the nation has acquired motor wisdom-because it knows that neither high price nor low necessarily indicates value. Because the nation is learning to know that no price can compensate for lack of standardization.

Because the Cadillac, with 167 parts and 191 operations accurate to the 1-1000 of an inch, possesses in this standardization an indispensable quality for which there is no substitute. Last year we pointed to 112 parts accurate to 1-1000 of an inch.

We said that this accuracy was the one element which justified a \$5000 price and that the Cadillac possessed it in a higher degree than any other car.

We said then-and thousands echoed it-that there was no better motor car value in the world, This year we come to you with the grand work of synchronization, harmony and perfect alignment pushed still further toward perfection.

167 parts in the 1911 Cadillac and 191 operations accurate to the 1-1000 of an inch.

That means a degree of standardization equalled by no other car in the world. Do you find an explanation now for the extraordinary conditions described in the foregoing portion of this announcement?

Do you appreciate why the Cadillac is immune from the competition of cars of higher or lower price?

Price \$1700 f.o.b. Detrict Touring Car, Demi-Tonneau and Roadster. Price \$1700 f.o.b. Detroit (Fore-door Touring Car, \$1800; Torpedo, \$1850; Coupe, \$2250; Limousine, \$3000)

Prices Include the Following Equipment:-Bosch magneto and Delco ignition systems. One pair gas imps and generator. One pair side oil lamps and tail lamp. One horn and set of tools. Pump and engir kit for tires. 60-mile season and trin standar! speedemeter: robe rail; full fact rail in tanneau and half foot rail in front. Tire holders.
